PORTABLE LIGHTING PRODUCTS

High-powered Task-Lights™ for every need and application.

The **Twin-Task®** line of flashlights offers a patented LED/xenon combination, so you can choose between a super bright light (xenon) and an incredibly long runtime (LED).

And the **LED Task-Light™** provides the longevity of a LED with the brightness and range of a conventional high powered bulb using a super high- flux Luxeon.™

Both the Twin-Tasks and LED Task-Light are ideal to use in a wide variety of applications, including industrial, automotive, security, household, even recreation. And no matter what task you're performing, you'll find them remarkably durable. All are constructed of computer machined aluminum with an anodized finish, are O-ring sealed, feature an unbreakable polycarbonate lens, and are water resistant.

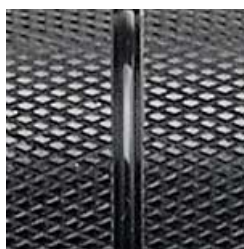

They also offer special features that make using them easy and convenient, such as an adjustable focus (except LED Task-Light), a micro faceted reflector (except LED Task-Light), and an enhanced knurled grip.

All this, plus a Lifetime Warranty and Money back Guarantee.

You just won't find a more dependable, versatile line of flashlights than the Streamlight Task-Lights.

Virtually unbreakable

Enhanced knurled grip

Features of Streamlight's Task-Lights:

- Virtually unbreakable
- Computer machined
- Anodized aluminium
- O-ring sealed
- Water resistant
- Enhanced knurled grip for ease of handling
- Lanyard included
- Unbreakable polycarbonate lens
- Lifetime Warranty and Money back Guarantee
